

Your interior environment can have a very strong impact on your life. A sensitive approach to wall finishes and color harmony in relationship to furniture and existing decor is important in achieving appealing results. Our goal is to create a pleasant and appealing environment that promotes a sense of balance and harmony with your existing decor.

During our consultation we will:

- Analyze your needs and desires
- Evaluate your existing color scheme, furniture, window treatments and accessories.
- Discuss and plan a harmonious theme between the furnishings and the background.
- Help you to visualize the completed walls with the use of sample boards and color chips
